 - AI Tools

DATA PROJECTS

Hub Performance Dashboard

Built an interactive dashboard to track and analyze 1,000+ weekly hub attendance records, providing visibility into footfall, occupancy trends, and hub utilization.

 View project [here](#)

Maji Ndogo Water Project

Analysed WHO/UNICEF WASH data (2000–2020) to assess access to safe and affordable drinking water across multiple regions. Cleaned and explored datasets, identified trends and disparities, and presented insights using visualisations to support data-driven policy discussions.

WORK EXPERIENCE

ALX Africa – Lagos, Nigeria

June 2025 – Present

Operations Coordinator | Data Reporting

- Supervise daily hub operations, supporting 200+ learners, alumni and visitors monthly and maintaining a pleasant user experience.
- Analyse weekly footfall and occupancy data covering 350+ visits, using insights to support operational planning and hub utilisation.
- Develop and distribute hub and event communications to a community of up to 800 hub users, ensuring timely and effective engagement.
- Led the planning and execution of ALX Nigeria’s inaugural Hub Support Staff Hangout, coordinating logistics, budgeting, procurement and feedback, achieving an 85% participant CSAT.
- Manage the hub attendance booking platform, identifying and implementing process improvements to enhance efficiency and align with evolving business needs.
- Coordinate a team of 7 volunteers supporting community events, programmes and hub activities.
- Oversee front desk, security and housekeeping operations, ensuring consistent service delivery across 2 hub floors.

Hub Operations Intern	Jun 2025 – Dec 2025
- Tracked, cleaned and analysed 1,000+ weekly hub footfall records across daily visits, events and enquiries to identify usage trends, peak periods and engagement gaps. - Built an interactive Hub Performance Dashboard in Google Sheets, providing visibility into attendance, engagement and hub performance metrics. - Analysed 100+ monthly learner feedback responses, reporting CSAT trends and priority improvement areas to strengthen hub utilisation and experience. - Led ALX Nigeria’s inaugural Inter-Hub Grand Games & Awards Day for 120+ learners and alumni across three Lagos hubs, overseeing logistics, procurement, volunteers and execution. - Coordinated recurring monthly Games Days across three Lagos hubs and supported the ALX Business Showcase featuring 50+ vendors and 150+ shoppers. - Coordinated 16 hub volunteers across three hubs and used attendance and feedback data to inform engagement activities. - Designed a centralised Hub Users Database that streamlined learner verification and onboarding.	

Mathematics Tutor & Educator	August 2018 - Present
Freelance - Lagos, Nigeria	
- Manage an independent tutoring practice, coordinating scheduling, client communication and invoicing for learners across Nigeria and the United States. - Use performance data and assessment trends to tailor instruction and report progress, contributing to a 100% Junior WAEC pass rate for 100+ students and up to 60% performance gains for individual students. - Gather stakeholder feedback and use learner performance information to identify needs and improve learning support.	

EDUCATION

The University of Benin – Benin City, Nigeria. BSc., Mathematics and Economics	September 2012 – July 2017
